398 (b) A licensed hospital maintained primarily for the care  
399 and treatment of patients having mental disorders or mental  
400 diseases is not eligible to participate in the hospital  
401 inpatient portion of the Medicaid program except as provided in  
402 federal law. However, the department shall apply for a waiver,  
403 within 9 months after June 5, 1991, designed to provide  
404 hospitalization services for mental health reasons to children  
405 and adults in the most cost-effective and lowest cost setting  
406 possible. Such waiver shall include a request for the  
407 opportunity to pay for care in hospitals known under federal law  
408 as "institutions for mental disease" or "IMD's." The waiver  
409 proposal shall propose no additional aggregate cost to the state  
410 or Federal Government, and shall be conducted in Hillsborough  
411 County, Highlands County, Hardee County, Manatee County, and  
412 Polk County. The waiver proposal may incorporate competitive  
413 bidding for hospital services, comprehensive brokering, prepaid  
414 capitated arrangements, or other mechanisms deemed by the  
415 department to show promise in reducing the cost of acute care  
416 and increasing the effectiveness of preventive care. When

417 developing the waiver proposal, the department shall take into  
418 account price, quality, accessibility, linkages of the hospital  
419 to community services and family support programs, plans of the  
420 hospital to ensure the earliest discharge possible, and the  
421 comprehensiveness of the mental health and other health care  
422 services offered by participating providers.

423 (c) The agency shall implement a prospective payment  
424 methodology for establishing reimbursement rates for inpatient  
425 hospital services. Rates shall be calculated annually and take  
426 effect July 1 of each year. The methodology shall categorize  
427 each inpatient admission into a diagnosis-related group and  
428 assign a relative payment weight to the base rate according to  
429 the average relative amount of hospital resources used to treat  
430 a patient in a specific diagnosis-related group category. The  
431 agency may adopt the most recent relative weights calculated and  
432 made available by the Nationwide Inpatient Sample maintained by  
433 the Agency for Healthcare Research and Quality or may adopt  
434 alternative weights if the agency finds that Florida-specific  
435 weights deviate with statistical significance from national  
436 weights for high-volume diagnosis-related groups. The agency  
437 shall establish a single, uniform base rate for all hospitals  
438 unless specifically exempt pursuant to s. 409.908(1).

439 1. Adjustments may not be made to the rates after October  
440 31 of the state fiscal year in which the rates take effect,  
441 except for cases of insufficient collections of  
442 intergovernmental transfers authorized under s. 409.908(1) or

443 the General Appropriations Act. In such cases, the agency shall  
444 submit a budget amendment or amendments under chapter 216  
445 requesting approval of rate reductions by amounts necessary for  
446 the aggregate reduction to equal the dollar amount of  
447 intergovernmental transfers not collected and the corresponding  
448 federal match. Notwithstanding the \$1 million limitation on  
449 increases to an approved operating budget contained in ss.  
450 216.181(11) and 216.292(3), a budget amendment exceeding that  
451 dollar amount is subject to notice and objection procedures set  
452 forth in s. 216.177.

453 2. Errors in source data or calculations discovered after  
454 October 31 must be reconciled in a subsequent rate period.  
455 However, the agency may not make any adjustment to a hospital's  
456 reimbursement more than 5 years after a hospital is notified of  
457 an audited rate established by the agency. The prohibition  
458 against adjustments more than 5 years after notification is  
459 remedial and applies to actions by providers involving Medicaid  
460 claims for hospital services. Hospital reimbursement is subject  
461 to such limits or ceilings as may be established in law or  
462 described in the agency's hospital reimbursement plan. Specific  
463 exemptions to the limits or ceilings may be provided in the  
464 General Appropriations Act.

465 (d) The agency shall implement a comprehensive utilization  
466 management program for hospital neonatal intensive care stays in  
467 certain high-volume participating hospitals, select counties, or  
468 statewide, and replace existing hospital inpatient utilization

470 program shall be designed to manage appropriate admissions and  
471 discharges for children being treated in neonatal intensive care  
472 units and must seek medically appropriate discharge to the  
473 child's home or other less costly treatment setting. The agency  
474 may competitively bid a contract for the selection of a  
475 qualified organization to provide neonatal intensive care  
476 utilization management services. The agency may seek federal  
477 waivers to implement this initiative.

478 (e) The agency may develop and implement a program to  
479 reduce the number of hospital readmissions among the non-  
480 Medicare population eligible in areas 9, 10, and 11.

481 Section 9. Effective July 1, 2017, paragraph (b) of  
482 subsection (6) of section 409.905, Florida Statutes, is amended  
483 to read:

484 409.905 Mandatory Medicaid services.—The agency may make  
485 payments for the following services, which are required of the  
486 state by Title XIX of the Social Security Act, furnished by  
487 Medicaid providers to recipients who are determined to be  
488 eligible on the dates on which the services were provided. Any  
489 service under this section shall be provided only when medically  
490 necessary and in accordance with state and federal law.

491 Mandatory services rendered by providers in mobile units to  
492 Medicaid recipients may be restricted by the agency. Nothing in  
493 this section shall be construed to prevent or limit the agency  
494 from adjusting fees, reimbursement rates, lengths of stay,

498 Appropriations Act or chapter 216.

499 (6) HOSPITAL OUTPATIENT SERVICES.—

500 (b) The agency shall implement a prospective payment  
501 methodology for establishing ~~base~~ reimbursement rates for  
502 outpatient hospital services ~~for each hospital based on~~  
503 ~~allowable costs, as defined by the agency.~~ Rates shall be  
504 calculated annually and take effect July 1, 2017, and July 1 of

525       2. Errors in source data or calculations discovered after

528 any adjustment to a hospital's reimbursement more than 5 years  
529 after a hospital is notified of an audited rate established by  
530 the agency. The prohibition against adjustments more than 5  
531 years after notification is remedial and applies to actions by

551 number of services, or making any other adjustments necessary to  
552 comply with the availability of moneys and any limitations or  
553 directions provided for in the General Appropriations Act or  
554 chapter 216. If necessary to safeguard the state's systems of  
555 providing services to elderly and disabled persons and subject  
556 to the notice and review provisions of s. 216.177, the Governor  
557 may direct the Agency for Health Care Administration to amend  
558 the Medicaid state plan to delete the optional Medicaid service  
559 known as "Intermediate Care Facilities for the Developmentally  
560 Disabled." Optional services may include:

561 (13) HOME AND COMMUNITY-BASED SERVICES.—

562 (e) The agency shall seek federal approval to pay for  
563 flexible services for persons with severe mental illness or  
564 substance use disorders, including, but not limited to,

579 Section 12. Subsections (25) through (41) of section  
580 393.063, Florida Statutes, are renumbered as subsections (26)

582 to that section to read:

583 393.063 Definitions.—For the purposes of this chapter, the  
584 term:

585 (25) "Phelan-McDermid syndrome" means a disorder caused by  
586 the loss of the terminal segment of the long arm of chromosome

606 1. From the child welfare system with an open case in the

628  
629 Within categories 3, 4, 5, 6, and 7, the agency shall maintain a

631 client is determined eligible for waiver services.

632 (6) The agency shall allow an individual who meets the  
633 eligibility requirements of subsection (1) to receive home and

654 Section 14. If CS/CS/HB 1083 or similar legislation  
655 adopted at the 2016 Regular Session of the Legislature or an  
656 extension thereof amending paragraph (b) of subsection (1) of  
657 section 393.0662, Florida Statutes, fails to become law,  
658 paragraph (b) of subsection (1) of section 393.0662, Florida  
659 Statutes, is amended to read:

660 393.0662 Individual budgets for delivery of home and  
661 community-based services; iBudget system established.—The  
662 Legislature finds that improved financial management of the  
663 existing home and community-based Medicaid waiver program is  
664 necessary to avoid deficits that impede the provision of  
665 services to individuals who are on the waiting list for  
666 enrollment in the program. The Legislature further finds that  
667 clients and their families should have greater flexibility to  
668 choose the services that best allow them to live in their  
669 community within the limits of an established budget. Therefore,  
670 the Legislature intends that the agency, in consultation with  
671 the Agency for Health Care Administration, develop and implement  
672 a comprehensive redesign of the service delivery system using  
673 individual budgets as the basis for allocating the funds  
674 appropriated for the home and community-based services Medicaid

676 delivery system that uses individual budgets shall be called the

677 iBudget system.

678 (1) The agency shall establish an individual budget,  
679 referred to as an iBudget, for each individual served by the  
680 home and community-based services Medicaid waiver program. The  
681 funds appropriated to the agency shall be allocated through the  
682 iBudget system to eligible, Medicaid-enrolled clients. For the  
683 iBudget system, eligible clients shall include individuals with  
684 a diagnosis of Down syndrome or a developmental disability as  
685 defined in s. 393.063. The iBudget system shall be designed to  
686 provide for: enhanced client choice within a specified service  
687 package; appropriate assessment strategies; an efficient  
688 consumer budgeting and billing process that includes  
689 reconciliation and monitoring components; a redefined role for  
690 support coordinators that avoids potential conflicts of  
691 interest; a flexible and streamlined service review process; and  
692 a methodology and process that ensures the equitable allocation  
693 of available funds to each client based on the client's level of  
694 need, as determined by the variables in the allocation  
695 algorithm.

696 (b) The allocation methodology shall provide the algorithm  
697 that determines the amount of funds allocated to a client's  
698 iBudget. The agency may approve an increase in the amount of  
699 funds allocated, as determined by the algorithm, based on the  
700 client having one or more of the following needs that cannot be  
701 accommodated within the funding as determined by the algorithm  
702 and having no other resources, supports, or services available

703 to meet the need:

704 1. An extraordinary need that would place the health and  
705 safety of the client, the client's caregiver, or the public in  
706 immediate, serious jeopardy unless the increase is approved. An  
707 extraordinary need may include, but is not limited to:

708 a. A documented history of significant, potentially life-  
709 threatening behaviors, such as recent attempts at suicide,  
710 arson, nonconsensual sexual behavior, or self-injurious behavior  
711 requiring medical attention;

712 b. A complex medical condition that requires active  
713 intervention by a licensed nurse on an ongoing basis that cannot  
714 be taught or delegated to a nonlicensed person;

715 c. A chronic comorbid condition. As used in this  
716 subparagraph, the term "comorbid condition" means a medical  
717 condition existing simultaneously but independently with another  
718 medical condition in a patient; or

719 d. A need for total physical assistance with activities  
720 such as eating, bathing, toileting, grooming, and personal  
721 hygiene.

722

723 However, the presence of an extraordinary need alone does not  
724 warrant an increase in the amount of funds allocated to a  
725 client's iBudget as determined by the algorithm.

726 2. A significant need for one-time or temporary support or  
727 services that, if not provided, would place the health and  
728 safety of the client, the client's caregiver, or the public in

ENROLLED

729 serious jeopardy, unless the increase is approved. A significant  
730 need may include, but is not limited to, the provision of  
731 environmental modifications, durable medical equipment, services  
732 to address the temporary loss of support from a caregiver, or  
733 special services or treatment for a serious temporary condition  
734 when the service or treatment is expected to ameliorate the  
735 underlying condition. As used in this subparagraph, the term  
736 "temporary" means a period of fewer than 12 continuous months.  
737 However, the presence of such significant need for one-time or  
738 temporary supports or services alone does not warrant an  
739 increase in the amount of funds allocated to a client's iBudget  
740 as determined by the algorithm.

741 3. A significant increase in the need for services after  
742 the beginning of the service plan year that would place the  
743 health and safety of the client, the client's caregiver, or the  
744 public in serious jeopardy because of substantial changes in the  
745 client's circumstances, including, but not limited to, permanent  
746 or long-term loss or incapacity of a caregiver, loss of services  
747 authorized under the state Medicaid plan due to a change in age,  
748 or a significant change in medical or functional status which  
749 requires the provision of additional services on a permanent or  
750 long-term basis that cannot be accommodated within the client's  
751 current iBudget. As used in this subparagraph, the term "long-  
752 term" means a period of 12 or more continuous months. However,  
753 such significant increase in need for services of a permanent or  
754 long-term nature alone does not warrant an increase in the

ENROLLED

HB 5101, Engrossed 1

2016 Legislature

755 amount of funds allocated to a client's iBudget as determined by  
756 the algorithm.

757 4. A significant need for transportation services to a  
758 waiver-funded adult day training program or to waiver-funded  
759 employment services when such need cannot be accommodated within  
760 a client's iBudget as determined by the algorithm without  
761 affecting the health and safety of the client, if public  
762 transportation is not an option due to the unique needs of the  
763 client or other transportation resources are not reasonably  
764 available.

765

766 The agency shall reserve portions of the appropriation for the  
767 home and community-based services Medicaid waiver program for  
768 adjustments required pursuant to this paragraph and may use the  
769 services of an independent actuary in determining the amount of  
770 the portions to be reserved.

771 Section 15. If CS/CS/HB 1083 or similar legislation  
772 adopted at the 2016 Regular Session of the Legislature or an  
773 extension thereof amending subsection (15) of section 393.067,

845 (3) Comprehensive transitional education programs shall

863 409.907 Medicaid provider agreements.—The agency may make  
864 payments for medical assistance and related services rendered to  
865 Medicaid recipients only to an individual or entity who has a  
866 provider agreement in effect with the agency, who is performing  
867 services or supplying goods in accordance with federal, state,  
868 and local law, and who agrees that no person shall, on the  
869 grounds of handicap, race, color, or national origin, or for any  
870 other reason, be subjected to discrimination under any program  
871 or activity for which the provider receives payment from the  
872 agency.

873 (12) In accordance with 42 C.F.R. s. 433.318(d)(2)(ii),  
874 the agency may certify that a provider is out of business and  
875 that any overpayments made to the provider cannot be collected

892 (2) Schools that wish to enroll as Medicaid providers and  
893 receive Medicaid reimbursement under this section must apply to  
894 the agency for a provider agreement and must agree to:

895 (a) Verify Medicaid eligibility. The agency shall work

897 a Medicaid provider to facilitate the school's verification of  
898 Medicaid eligibility.

899 (b) Develop and maintain the financial and individual

911 1011.70(1). Private schools and charter schools may not be

913 excluded by that subsection.

914 (4) Within 90 days after a private school or a charter  
915 school applies to enroll as a Medicaid provider under this  
916 section, the agency may conduct a review to ensure that the  
917 school has the capability to comply with its responsibilities

919 has the capability to comply does not relieve the school of its  
920 responsibility to correct any deficiencies or to reimburse the  
921 cost of the state or federal disallowances identified pursuant  
922 to any subsequent state or federal audits.

923 (5) For reimbursements to private schools and charter  
924 schools under this section, the agency shall apply the  
925 reimbursement schedule developed under s. 409.9071(5). Health  
926 care practitioners engaged by a school to provide services under  
927 this section must be enrolled as Medicaid providers and meet the  
928 qualifications specified under 42 C.F.R. s. 440.110, as

930 Medicaid services under this section is contingent upon the  
931 school providing to the agency an annual accounting of how the  
932 Medicaid reimbursements are used.

933 (6) For Medicaid provider agreements issued under this  
934 section, the agency's and the school's confidentiality is waived

944 to read:

945 409.908 Reimbursement of Medicaid providers.—Subject to  
946 specific appropriations, the agency shall reimburse Medicaid  
947 providers, in accordance with state and federal law, according  
948 to methodologies set forth in the rules of the agency and in

950 These methodologies may include fee schedules, reimbursement

1049 used in this section, the term:

1050 (a) "Full-time equivalent," or "FTE," means a resident who  
1051 is in his or her residency period, with the initial residency  
1052 period defined as the minimum number of years of training  
1053 required before the resident may become eligible for board

1209 (b) After receiving payments authorized by this subsection

1228 unless the agency approves, in writing, an alternative  
1229 arrangement for securing the types of services offered by the
