## Choosing an ASC shouldn't come with a penalty

As Florida's Ambulatory Surgical Centers increasingly become the choice for needed health care through a doctor-patient decision process, the more outside interests step up pressure. Pressure through lower reimbursements. New reporting requirements. New taxes. New legislators with a long learning curve.

## Who is working to represent your ASC in Tallahassee?

Few relationships are as critical to the business enterprise itself as the relationship to government.

SurgiPAC is the ASC industry's Political Action Committee dedicated to the education, election and retention of legislative officials who support our industry. Building relationships with elected officials is a crucial part of protecting your ASC's ability to operate.

## Protect your work, your investment –

from policy shifts in:

- Licensure**
- Nurse Staffing**
- PIP Insurance**
- Workers' Compensation**
- Physician Ownership**

SurgiPAC has spent the last decade learning the process, growing relationships with legislators and their staffs, and gathering the resources to parlay this experience into continuing success for Florida ASCs.

In today's political climate, you have to:

- Know the process**
- Know the players**
- Know the options**
- Have the resources**
- Know how to use them**

## Will my contribution really make a difference?

Sure, SurgiPAC has received a few large checks over the years, but it is the sum of many Platinum, Gold, Silver, and Bronze Memberships that has resulted in 98% of SurgiPAC candidates being successful in the last four elections.

Keeping SurgiPAC effective ensures the positive business and professional spheres ASCs in Florida need in order to prosper and grow.

## SURGIPAC MEMBERSHIP APPLICATION

SurgiPAC membership is available to all citizens, associations, corporations, and all others doing business in Florida with an interest in the purposes of promoting Florida Ambulatory Surgical Centers. All members must be contributors and approved by the Board of Directors.
